**Hosted by Protective Services—Fire Protection & Engineering**

In December, 2016, a tragic warehouse fire claimed the lives of 36 individuals in Oakland, CA. LBNL Protective Services Employees Wayne Dutchover and Nick Bartlett assisted in the fire investigation. This presentation will provide an overview of the fire, including the response, and lessons learned. It will also provide attendees with information on how LBNL addresses fire safety and how they may become more aware of fire safety in their daily lives.
